Charles M. Arlinghaus
Commissioner
Department of Administrative Services
State of New Hampshire
25 Capitol Street
Concord, NH 03301

Dear Commissioner Arlinghaus:

This letter represents formal notification that the Department of Information Technology (DoIT) has approved your agency's request to enter into a sole source contract amendment with Environmental Systems Research Institute, Inc. ("ESRI"), Middleton, MA as described below and referenced as DoIT No. 2015-167F.

> This is a request for approval to enter into a contract amendment with Environmental Systems Research Institute, Inc. ("ESRI"), for Geographic Information Systems (GIS) software. This statewide contract allows agencies the ability to purchase DoIT approved proprietary standard geographical information systems software.
>
> This amendment shall extend the contract for a period of ninety (90) days from August 1, 2020 through October 31, 2020, effective upon execution by Commissioner Arlinghaus.

A copy of this letter should accompany the Department of Administrative Services' contract documentation through the approval process.

Sincerely,

Kenneth R. Dunn for
Denis Goulet

REQUESTED ACTION

The Department of Administrative Services is requesting approval for a sixth amendment to contract 8001215 for Geographic Information Systems software with Environmental Systems Research Institute, Inc. ("ESRI"), (VDR# 176214). The amendment shall extend the contract for a period of fifteen (15) months, from August 1, 2020 through October 31, 2021. This statewide contract allows agencies the ability to purchase the Department of Information Technology (DoIT) approved proprietary standard geographical information systems software.

The State of New Hampshire's current contract with ESRI expires July 31, 2020. ESRI is offering to extend the current contract for ninety (90) days while the vendor and the State evaluate the next contract. This ninety (90) day extension will give us additional time to discuss the possibility of the future MPA being renewed for an extended period on top of the one year term that we have been utilizing for the past 6 years.

Prior Related Actions

The State signed a Participating Addendum on July 18, 2012 that was valid through July 31, 2015. Amendment #1 was approved on May 13, 2015 to extend for one (1) year. Amendment #2 was approved on July 18, 2016. Amendment #3 was approved on July 18, 2017. Amendment # 4 was approved June 27, 2018. Amendment # 5 was approved July 26, 2020.

Alternatives and Benefits

The ESRI contract provides the State with direct order placement with the manufacturer. DoIT has approved geographical information systems (GIS) software from ESRI. This is a sole source contract as ESRI sells only a limited number of products through value added resellers. The majority of their product line is only available through ESRI direct. The alternative would be to have DoIT approve another manufacturer's software as a standard, possibly at a higher price with lower performance.

Impact on Other State Agencies and Municipalities

The extended contract shall provide agencies, and any eligible participants, a direct source for proprietary ESRI GIS software.

Supporting Documentation

The existing Contract with ESRI contains the terms to allow extension, the term of the Master Purchasing Agreement (MPA) described in Article 2 Term of Agreement states the term may be extended upon mutual written agreement. I have attached the MPA as well as the amendment from ESRI to extend the term for ninety (90) days.

Questions: Jennifer Jack, Purchasing Agent
Phone: 603-271- 3146
E-Mail: **Jennifer.Jack@das.nh.gov**

EXPLANATION

I am requesting the approval to exercise the available ninety (90) day extension provision allowed for statewide contract 8001215.

The State of New Hampshire's current contract with ESRI expires July 31, 2020. ESRI is offering to extend the current contract for ninety (90) days while the vendor and the State evaluate the next contract. This ninety (90) day extension will give us additional time to discuss the possibility of the future MPA being renewed for an extended period, instead of the one year term we have been utilizing for the past 6 years.

This sixth amendment shall extend the contract for a period of 90 days, from August 1, 2020 through October 31, 2021. This statewide contract allows agencies the ability to purchase the Department of Information Technology (DoIT) approved geographical information systems software. The existing Contract with ESRI contains the terms to allow extensions, the term of the Master Purchasing Agreement (MPA) described in Article 2 Term of Agreement states the term may be extended upon mutual written agreement. I have attached the amendment from ESRI to extend the term for ninety (90) days.

This is a sole source contract as ESRI sells only a limited number of products through value added resellers. The majority of their products line is only available through ESRI direct. Please see attached sole source letter from the manufacturer.

I have verified through System for Award Management that there are no records of debarment or exclusions listed. I have also surveyed the Department of Information Technology and they have indicated that the vendor is performing well. The estimated FY-21 spend on this contract is $ 306,945.00 annually.

The vendor has agreed to extend under the same terms and conditions. I recommend the extension of the contracted based on the information provided above and believe that to do so would be in the best interest of the State.

RE: Esri Sole Source Justification for Geographic Information System Software

This letter confirms that Esri, as owner and manufacturer, is the sole-source provider of **software maintenance** (technical support plus Esri software updates/upgrades) for Esri products in the United States.

Esri is the sole-source provider of the following Esri products in the U.S. commercial, state, and local government marketplace:

- AppStudio for ArcGIS
- ArcGIS Desktop & Extensions Subscription (Basic, Advanced, Standard)
- ArcGIS Desktop Advanced
- ArcGIS Desktop Standard
- ArcGIS Developer Subscription
- ArcGIS Enterprise
- ArcGIS for Aviation Bundle
- ArcGIS for Maritime Bundle
- ArcGIS for Server and extensions
- ArcGIS GeoAnalytics Server
- ArcGIS GeoEvent Server
- ArcGIS GIS Server and extensions
- ArcGIS Hub
- ArcGIS Image Server
- ArcGIS Monitor
- ArcGIS Online (excluding data owned by 3rd party providers)
- ArcGIS Runtime and Extensions
- Drone2Map for ArcGIS
- Esri Business Analyst Online
- Esri Business Analyst Server
- Esri Community Analyst
- Esri Defense Mapping Bundle
- Esri MapStudio
- Esri Maps Products
- Esri Services Packages
- Insights for ArcGIS
- Navigator for ArcGIS
- Portal & Hosted Portal for ArcGIS

Esri has authorized certain resellers to resell sole source products to State of California (State Agencies) only under the California Software License Program (SLP).

Also, in an effort to support diversity in federal contracting, Esri has authorized certain businesses (see GSA Advantage! for details) as resellers of perpetual licenses for the following Esri products to eligible entities purchasing under a GSA Schedule. Esri GSA resellers cannot sell Esri software to state or local entities:

- ArcGIS Desktop Advanced
- ArcGIS Desktop Standard

Esri also distributes certain software licenses in combination with non-Esri software or services through open-market value-added resellers and OEMs. If you have further questions, please contact me at jricks@esri.com.

Amendment No. 6
to
Master Purchase Agreement
No. 00118875.0 (formerly 307438) ("MPA")

This Amendment No. 6 is entered into by and between Environmental Systems Research Institute, Inc. ("Esri") and the State of New Hampshire ("Customer").

WHEREAS, the MPA commenced on August 1, 2012 and will expire on July 31, 2020;

WHEREAS, the parties wish to extend the term of the MPA for a period of ninety (90) days from August 1, 2020 through October 31, 2020 and update certain terms and conditions; and

NOW THEREFORE, Customer and Esri agree that this Amendment No. 6, when signed by the parties, shall incorporate the following modifications to the MPA:

1. **ARTICLE 2 – TERM OF AGREEMENT.** The term of the MPA described in Article 2 of the MPA is modified to extend the term of the MPA for a period of ninety (90) days commencing on August 1, 2020 and expiring on October 31, 2020.

2. **ESRI MPA PRICE LIST.** The existing MPA Price List (E417M-3Q2019) is hereby removed in its entirety and replaced with the attached MPA Price List (E417M-3Q2020).

3. **Time and Materials Rate Schedule.** The existing 2019 Time and Materials Rate Schedule is hereby removed in its entirety and replaced with the attached 2020 Time and Materials Rate Schedule. Time and Materials Rate Schedules for calendar year 2020 and for future years thereafter will be submitted to the Licensee designated contact via email on an annual basis in December of each year.

Except as modified by this Amendment No. 6, all other terms in the MPA remain unchanged unless modified by a separately signed written agreement.

Esri Proprietary and Confidential Information

State of New Hampshire
Esri Master Purchase Agreement No. 307438 (formerly 2011MPA0205) TIME AND MATERIALS RATE SCHEDULE

Effective January 1, 2019

Hourly time and materials labor rates have been provided for each labor category for calendar years 2019, 2020, and 2021. The hourly labor rates for services that are performed after 2021 may be escalated in an amount not to exceed five percent (5%) each year. Other direct costs, such as travel, reproduction, subcontractor, telecommunication/freight, or materials, will be charged a material handling fee and invoiced.

Esri reserves the right to provide fixed price quotations for professional services requests that require deliverables other than hours. Work performed under fixed price orders will require additional terms and conditions and will be invoiced monthly based on percentage completed.

Labor Category	CY 2020	CY 2021
GIS Technical Specialist/Engineer (S1)	$243	$252
GIS System/Software Developer (S2)	$315	$326
Sr. GIS System/Software Architect (S3)	$386	$400
GIS Consultant/Project Manager (M1)	$295	$305
Sr. GIS Consultant/Project Manager (M2)	$372	$385
Principal/GIS Consultant/Program Manager (M3)	$490	$507
GIS Database Specialist/Analyst (DB)	$205	$212

Labor Category Descriptions:

GIS Technical Specialist/Engineer (S1)

Staff members in this labor category work collaboratively with software designers to perform software coding and the writing of software documentation according to design specifications developed by senior technical staff described below. As a group, these staff members are experienced in the coding of software and the creation of digital databases, as well as in software development associated with Esri's commercial off-the-shelf (COTS) software products; web, desktop, or server software development languages; geospatial data formats; and other technologies. These individuals also develop effective database designs, implement data conversion processes and procedures, and perform software and database quality control. This category also includes staff involved in the development and delivery of training and those with expertise in creating, editing, and teaching training content.

GIS System/Software Developer (S2)

Staff members in this labor category support the design of technical project specifications for the implementation of application software projects and database development projects. They support the day-to-day technical activities of the project team and ensure that standard system methodologies are employed. They also perform detailed software design and detailed database conversion design and are directly involved in the coding and implementation of complex and strategic portions of application software and database conversion projects. As a group, these staff members are proficient in Esri COTS software products; web, desktop, and server software development languages; geospatial data formats; and other technologies. These staff members design and develop QA/QC programs and support design and code reviews, database reviews, and other QA/QC activities throughout the project life cycle. This category of staff includes senior staff who apply subject-matter expertise to design, develop, and deliver training content and supporting technologies, leveraging adult learning methodologies.

Senior GIS System/Software Architect (S3)

Staff members in this labor category provide the overall technical vision and system architecture for large, complex systems. They support the application of sound software engineering principles and life cycle methodologies to programs/projects. These individuals are actively involved in systems architecture design, application software design, database process design, and the directing of coding development including the supervision of design and code reviews. These staff members may serve as principal investigators in focused studies or research and development projects. Individuals in this labor category have broad technical knowledge of geographic information system (GIS) applications and related information technologies and may also provide specific expertise in areas such as web-based software applications, service-oriented architectures, data warehousing, spatial analysis, and modeling. As a group, these

staff members are proficient in Esri COTS software products; software and database design methodologies; web, desktop, and server software development languages; geospatial data formats; and other technologies.

GIS Consultant/Project Manager (M1)

Staff members in this labor category provide day-to-day consulting and management for contracted projects within Esri. These individuals work under the guidance of senior Esri managers described herein and support the design and implementation of project work plans. These staff members may provide consulting services to several aspects of GIS implementation. They may also conduct detailed requirements interviews, document application requirements, develop logical and physical database designs using standard engineering diagramming methodologies, design software and database QA/QC programs, and provide management oversight of daily technical activities. These staff members work with senior consulting and technical staff to design comprehensive work plans that employ standard system methodologies that define project deliverables, milestones, and realistic schedules. These individuals work with Esri administrative staff to ensure that progress and financial reporting is provided according to contract requirements. This category of staff may also consult and manage training development and delivery projects.

Senior GIS Consultant/Project Manager (M2)

Staff members in this labor category work as project managers or project advisers, providing strategic consulting and project management activities for GIS and information technology (IT) projects. These staff members have market/application domain expertise using extensive experience in GIS and related geospatial technologies to support the successful completion of a project. Consulting activities may include strategic planning, GIS workshops and seminars development, requirements definition, application and database design, and system integration. Management activities may include defining project requirements and objectives, establishing budgets and schedules, allocating staff and other resources, and managing and overseeing subcontractor activities. These individuals may also design comprehensive work plans that employ standard system methodologies that define project deliverables and milestones and realistic schedules.

Principal GIS Consultant/Program Manager (M3)

Staff members in this labor category work as program directors or project advisers, providing project vision, strategic consulting, and program management activities for GIS and IT projects. These staff members apply market/application domain expertise using extensive experience in GIS and related geospatial technologies to support the successful completion of the program. Consulting activities may include strategic planning, review and oversight of requirements definitions, application and database design, and system integration. Management activities may include defining program requirements and objectives, establishing budgets and schedules, allocating staff and other resources, and managing and overseeing subcontractor activities. Staff members in this labor category work with senior client staff in coordination with Esri senior management to resolve issues and support successful project completion.

GIS Database Specialist/Analyst (DB)

Staff members in this labor category provide database development support in creating cartographic and digital data products. These staff members have expertise that includes the performance of hard copy to digital data conversion tasks, data migration, and translation activities utilizing advanced processing techniques in ArcGIS. These individuals design, develop, and implement efficient production tools and workflows in accordance with approved project plans and design parameters.
