

Welcome to Delta Dental

Congratulations! As a Delta Dental member you have access to the best managed and largest networks of participating dentists in the United States.

You will get the best dollar value from your Delta Dental plan when you receive your dental care from a **Delta Dental PPO** participating dentist. These providers generally accept lower fees for their services. This means lower out-of-pocket expenses for you. You will also enjoy savings when visiting a dentist participating in the **Delta Dental Premier** network. Since nearly three out of every four dentists in the country participate in one or both networks, chances are your dentist is a participating provider. You will enjoy:

- ▲ **No Balance Billing:** Because participating dentists accept Delta Dental's maximum allowable amount for service, you will normally pay less when visiting a participating dentist.
- ▲ **Less Paperwork:** Participating dentists will prepare and submit claims for you.
- ▲ **Direct payment:** Delta Dental pays the dentist directly, so you don't have to pay the covered amount up-front or wait for a reimbursement check.

To find a participating provider:

Go to www.nedelta.com. On the Home Page scroll to the bottom, under Tools select Find a Dentist. Choose the National Dentist Directory.

You will see the following options: **Delta Dental Premier** (formerly DeltaPremier USA) **Delta Dental PPO** (formerly DeltaPreferred Option USA) **DeltaCare USA***

Start by selecting the Delta Dental PPO network:

Please fill in all of the required fields denoted by a red asterisk. You will also have the option of refining your search by specifying the search radius, including a provider's name, and/or limiting the number of results returned. If your dentist does not participate in the Delta Dental PPO network, change the network selection to Delta Dental Premier. If your dentist does not participate in either of the networks, you are still free to see a nonparticipating dentist, although you will likely incur higher out-of-pocket expenses.

Delta Dental PPO

57,000 Providers

Delta Dental Premier

109,000 Providers
