### GERRISH, SANDERS AND MARPLE Barbering and Cosmetology Inspectors Board of Aesthetics Docket #92-C-6

May 6, 1993

The New Hampshire Personnel Appeals Board met Wednesday, March 10, 1993, to hear the classification appeal of Paul Sanders, Marjorie Gerrish and Cynthia Marple, regarding the Director of Personnel's decision denying a request to upgrade positions of Barbering and Cosmetology Inspector from salary grade 13 to salary grade 17. Virginia Lamberton, Director of Personnel, appeared on behalf of the Division of Personnel. Margo Hurley appeared on behalf of the appellants.

Before the conclusion of the hearing, the parties had agreed that the information to be presented on appeal actually related to duties and responsibilities which had changed, or which were alleged to have changed after the submission of the requests for reclassification. The parties agreed to withdraw the appeal and, with the Director's agreement, to have the incumbents submit new classification questionnaires to the Division of Personnel for consideration. The parties acknowledged that any change which might be made to the positions would not be made retroactive to the date of the first request, or to the date of the hearing at which the appellants voluntarily withdrew their appeal.
