RE: Appeal of Maria Livingston
 Docket #89-C-7

Dear Ms. Steele:

The Department of Health and Human Services', Commissioner's Office of Management and Budget (COMB) is withdrawing the appeal filed in regard to our reclassification request on the Personnel Assistant I, position number 12160 held by Maria Livingston Landry.

This decision is based on the consolidation on July 1, 1989, in which the financial and personnel functions of several Divisions in this Department were combined in order to cut costs in the 90-91 budget.

The establishment of COMB has reflected in the duties performed by this position, most specifically the supervision, which makes it necessary to withdraw this appeal. This decision was discussed with Ms. Landry in a meeting with her former and present supervisor and the Director of Human Resources on November 22, 1989.

Very truly yours,

 M. Mary Mongan
 Commissioner
