This shall be completed within forty-eight (48) hours after the cessation of the storm.

For locations that require walkway and sidewalk snow removal the Contractor shall keep walkways and sidewalks safe and passable at all times. The clearing of walkways and sidewalks shall not be done with equipment larger than the width of the walk or sidewalk. Special care must be exercised not to damage commemorative plaques, monuments and statues. Hand shoveling shall be done within three (3) feet of the aforementioned items.

Vehicles and/or equipment that do not meet the above criterion shall be immediately taken out of service until the problem(s) are corrected. No exceptions are allowed.

In the event of a hazardous waste spill, any captured hazardous materials must be disposed of promptly and properly. This disposal shall take place within two (2) working days of the incident. The Contractor shall be required to provide copies of all disposal records and logs.
