BALANCE OF PRODUCT LINE:

During the term of Contract, the State may purchase other items in relation to laboratory gases from the

Contractor's Balance of Product Line, unless covered by another State of New Hampshire contract. All items ordered will include all shipping/charges

SPECIFICATIONS - GENERAL:

The Contractor agrees to deliver the gases specified herein in standard size cylinders, loaned by the Contractor as requested by the using agency. Compatibility of cylinders with existing equipment will be the responsibility of the Contractor.

SPECIFICATION - EQUIPMENT COMPATIBILITY:

All gas cylinders provided by the Contractor shall be completely compatible with all existing equipment at each State laboratory. The Contractor, at no extra costs, shall provide any and all necessary adapters and regulators to the State laboratories. Said adapters and regulators will be returned to the Contractor at the termination of the Contract, upon request.

SPECIFICATION - CYLINDER IDENTIFICATION:

All cylinders provided by the Contractor shall be prominently marked so that they are instantly identifiable as being the property of the Contractor. If the cylinder or lease charges are connected with a particular cylinder serial number, said serial number shall be prominently identified on each cylinder.
