PRODUCTS & PRICING:
**CONTRACT USAGE & EXCEPTIONS:** All State agency personnel/travelers under Department of Administrative Services (DAS) authority as provided under RSA 21:1 are required to use this contract to obtain travel services for domestic and international air travel. This includes those in the care, custody or control of the State while traveling. State of New Hampshire agencies must also book car rentals, hotel accommodation, etc., using this contract unless a lower fare/rate can be obtained.

Employees must give traveler name, departure destination and arrival destination, dates, desired time and type of accommodation needed at time of initial request. Employees may not require specific routing, or airline when making request although preference will be noted as long as fare requirements are met. If agency is using the Vendor travel for a fare comparison, agency may provide the fare obtained with this initial request for assistance.

Employees are allowed to purchase tickets off contract whenever they can achieve better total pricing versus the contract price. The Vendor will e-mail quote for ticketing to State Agency for price comparison. Agency must obtain authorization when not accepting the lowest fare from the agency commissioner.

If a lower fare objection is intended as justification to purchase travel (airline, hotel or auto) outside the state contract, the following procedure should be followed:

1. Assure that the Vendor is unable to obtain the fare you are purchasing and attach confirmation to the expense reimbursement request.

2. Notify the Vendor that other arrangements have been made for improvement in services to the State (best notification method can be made via fax or e-mail with a copy of your purchase receipt). This notification needs to be done in a timely manner for reporting purposes. If Agency has already obtained fare comparison, they are asked to provide that information to the Vendor at the time of arrangements or obtain quote information.

3. Employees are not required to accept a ticket that has more than two (2) stops per departure or return flight.

**BILLING:** The State of New Hampshire requires that all air travel, whether a State Agency or a cooperative purchasing member, be charged to the State’s contracted travel charge accounts. Each State Agency makes the travel arrangements for their perspective members and pays the invoices accordingly. State Agencies will set up a central billing account with the Contractor. If the agency is federally funded, this must be indicated at the time of set up and/or prior to booking.

**STATE AGREES TO PROVIDE:** The Authorized Purchaser shall provide the Vendor with information on contact persons representing the Authorized Purchaser and keep this information current throughout the contract term. The Authorized Purchaser shall provide the following information to the Vendor. Authorized Purchasers shall be required to keep this information current throughout the term of the contract.

This lowest possible rate must be within a three (3) hour window period for travel request.

Per Bid # 2153-19
The Vendor shall advise the travelers of the availability of different flight options, which may produce a lower fare than the one requested. Flights that are available with one (1) stop in lieu of a more expensive non-stop flight may also be considered. If any flight is canceled within the legal time frame specified by the air carrier, the Vendor is responsible to inform any traveler of any penalty that may be incurred due to the change or cancellation of special fares. The notification should be communicated prior to ticketing and restated on the traveler’s itinerary.

Employees must consider alternate airports when determining LLAA and may not exclude any airline carrier due to personal preference.

**EMERGENCY SERVICES:** The Vendor shall maintain a 24/7 emergency contact number to assist State Travelers with any travel emergency that may arise regardless of the time or location. The emergency service number shall be staffed by a fully trained reservationist who promptly advise and assist the traveler. In the event of loss/theft of traveler’s passport, the Vendor shall provide assistance in obtaining an emergency renewal.

**FEE RESTRICTIONS:** The transaction fee will only be charged at the time of ticketing of an airline reservation or when a reservation is confirmed with a confirmation number (consider this total cost of traveling). One transaction fee will be charged regardless of the number of changes made to an itinerary until the airline ticket is issued. Reservations with multiple travel suppliers such as one (1) airline ticket combined with a rental car, and hotel reservation will only be assessed a single fee for one (1) reservation or trip.
