ADDITIONAL SPECIFICATIONS AND REQUIREMENTS:

1. Only one manufacturer shall be utilized to complete the offer section and shall meet all specifications as stated in each group.
2. There shall be no substitutions for brand name products offered by Contractor after the inception of the contract. Manufacturer and Brand name shall remain the same as stated in the bid offer for the term of the contract and any extension.
3. All containers must bear the product name and the API certification code.
4. 55-gallon metal drums shall remain the property of the Contractor. The State agrees to empty these containers and return them as soon as possible, in as good condition as when received, less ordinary wear and tear, at Contractor 's expense, as directed by the Contractor. Drums shall be returned to the Contractor complete with all parts (covers plugs etc.) and fixtures intact.
5. If the motor oils, lubricants and compounds sold, furnished and delivered by the Contractor to the State do not conform to the standards established by specifications herein, the State reserves the right to purchase any and all products elsewhere; charging any additional costs against monies owed the State to the Contractor.

RETURNED GOODS:

Order and/or invoice discrepancies must be resolved within five (5) business days from notification. Products returned due to quality issues, duplicate shipments, over-shipments, etc. shall be picked up by the Contractor within ten (10) business days of notification with no restocking or freight charges, and shall be replaced with specified products or the agency shall be refunded/credited for the full purchase price. Unauthorized substitutions for any products are not allowed.

Standard stock products ordered in error by the State of New Hampshire shall be returned for full credit within fifteen (15) business days of receipt. Products shall be in re-saleable condition (original container, unused) and there shall be no restocking fee charged for these products. The using agency shall be responsible for any freight charges to return these items to the Contractor.

OIL ANALYSIS PROGRAM:

The Contractor shall provide the manufacturer's oil analysis program for testing and analysis of oil and engine performance, at no charge, to the requesting agency.

Scope of program to include, at a minimum:

- Contractor to provide all sample containers, shipping boxes and labels at no charge.
- Performance Analysis reports shall be available to the agency, online, within 10 days of submittal.
