ADDENDUM # 1 TO BID INVITATION # 58-21

Posted: 10/16/2020

DATE OF BID CLOSING: 10/23/2020

TIME OF BID CLOSING: 10:30 AM (EST)

FOR: Dell/EMC Data Domain 6900 Hardware, Software, Maintenance, Installation and Training

CLARIFICATION:

Q1: Is the below Data Domain request a renewal? It has professional services listed which is something you don't renew.

A1: The Data Domain 6900 requested as part of this bid is "net new" to the DOT. However, this bid is a hybrid of sorts in that the 6900 is new equipment, but existing 6300 Data Domain(s) will be repurposed as part of the overall solution.

Q2: If this is a renewal we will need the serial number of the existing system.

A2: This solution is a hybrid of sorts... the existing unit serial numbers are as follows...

- DD 6300 (Location: John O Morton Building) APM00172654091
- DD 6300 (Location: Traffic Management Center) APM00182516039

Q3: If it is net NEW the last line item is a custom professional service. We will require a statement of work that is on Dell EMC paper in order to be able to provide a full quote.

A3: It is expected that the vendor will develop a specific "Statement of Work" agreement, with the DOT and signed by both parties, upon being awarded the contract. The elements of which are clearly itemized and discussed in detail, starting under the heading "Specifications" on page 11 of the bid proposal.

PURCHASING AGENT: Jennifer Jack

E:Mail: NH.Purchasing@das.nh.gov

NOTE: ALL CHANGES TO BID SOLICITATION NOTED IN ADDENDUMS WILL SUPERSEDE PREVIOUSLY SUBMITTED DOCUMENTS. ALL OTHER SPECIFICATIONS REMAIN UNCHANGED AND VALID.
