NHDOT SPECIFICATION - CURB RUNNERS / PLOW GUARDS for FLEXIBLE BLADES

**This drawing is for a Left Hand Curb Runner/Plow Guard. Reverse specification for a Right Hand Curb Runner.**

**Curb Runner Casting Detail**
Carbide matrix is exposed on outside edge of casting
Casting to be shaped to accept and conform to the outside edge of adaptor/plow blades.
Casting welded to mounting plate on front facing side.
Casting rounded with diameter of 2".

**Additional Notes:**
Casting to extend a maximum of 2" beyond the edge of adaptor/plow blade
45/64 Square hole punch to take a 5/8" Cutting Edge Bolt
Holes to be Countersunk

Notes:
Drawing is not to scale and is only a general representation. Vendor is responsible for verifying that the curb runner will fit the articulating plow blade setup.
Flexible Plow Blades

BILL TO:

NHDOT - Highway Maintenance
PO Box 483
Concord NH 03302-0483

Packaging and Delivery Instructions: NO BACK ORDER / NO SPLIT DELIVERIES TO A MAINTENANCE DISTRICT. Deliveries may be Monday-Friday 8:00 a.m. through 2:30 p.m. and vendors are responsible for ensuring your shipper/delivery company calls 48 hours in advance of delivery to each District location so staff may meet the delivery truck with proper equipment to unload. No voice mail messages. Payment is processed once all deliveries are received by all NHDOT Highway Maintenance Districts.
