**EXHIBIT A**  
**SCOPE OF SERVICE**

From July 1, 2015 to June 30, 2017, The Contractor shall provide Wastewater-Testing Services for Glencliff Home as follows:

1. The Contractor shall provide testing of the wastewater in accordance with the Department of Environmental Services, and any retesting required.
2. The Contractor shall send a designee to the facility where samplings are collected and perform the required test within the required dates as specified by the Groundwater Discharge Permit.
3. The schedule for testing should be comprised of the required testing outlined within the Department of Environmental Services Discharge permit Renewal (DES#199105010). Current permit requires two visits per year. Any changes to the testing requirements after contract approval will be considered as an additional service negotiated between Glencliff Home and the Contractor.
4. The Contractor shall supply all properly preserved containers, coolers, chain of custody (COC) documentation and sample collection services.
5. The Contractor shall provide Glencliff Home with results of all samplings.
6. The commencement date of this agreement shall be the Effective Date, that is July 1, 2015, or date of State of New Hampshire approval, whichever is later. The contractor shall not be paid for any services that may be provided prior to the Effective Date.

**End of Exhibit A**
