

Submitted Questions

Question Number	Question	Answer
1	Whether companies from Outside USA can apply for this? (From India or Canada)	The State of New Hampshire does not discourage foreign or out of state companies from submitting a proposal. All bidders should note and be aware that there are required steps to register a foreign, in-state or out-of-state company as an approved state vendor. These steps would need to occur before the awarding of the contract via Governor and Executive Council. For more information to become a state vendor, please refer to the NH Administrative Services website: https://das.nh.gov/purchasing/vendor.asp
2	Whether we need to come over there for meetings?	Yes, there will be a requirement for in-person meetings. In person meetings are preferred.
3	Can we perform the tasks (related to RFP) outside USA? (From India or Canada)	Please refer to question 1.
4	Can we submit our proposals via email	Yes, as noted in the RFP, proposals can be submitted via email to Nathaniel.Nelson@dred.nh.gov or hard copy by 3pm on October 28, 2016.
