## ADDENDUM # 5 TO RFP INVITATION # 1519-13

DATE OF BID OPENING: **April 15, 2013**

TIME OF BID OPENING: **2:30 PM**

FOR: **Mobile Data Collection Forms and Management System**

RFP Section	Question	Response
Attachment C2 – B1.15	<p><b>Regarding the ability to run standard and ad-hoc reports:</b> Please clarify if this refers to the ability to build a simple report from within the application or a requirement to reproduce standard and ad hoc reports currently in use by the State of NH.</p> <p>Also, does the application need to support existing third party reporting tools (i.e. Crystal Reports) and, if so, which third party reporting tools are currently being used by the State of NH.</p>	<p>Please identify the standard reports available from the solution within the proposal.</p> <p>In addition, the solution should be able to support the use of 3rd party reporting tools. Vendor should identify how ad hoc reporting could be accomplished and if there are any limitations with regard to the use of widely available reporting tools. The State currently uses Crystal Reports, Business Objects, Cognos, Information Builders, Oracle Reports, and others.</p>
Attachment C-2 – H4.6	<p>Regarding the following RFP language: <b>The Vendor shall notify the State's Project Manager of any security breaches within two (2) hours of the time that the Vendor learns of their occurrence.</b></p> <p>Please confirm that "within two (2) hours" SLA is from when Vendor "learns of occurrence" and not within 2 hours of breach.</p>	<p>The requirement is that the Vendor must notify the State <b><u>within two (2) hours of the time that the Vendor learns of the breach.</u></b></p>
