

Subject: Generator Maintenance & Repair Services

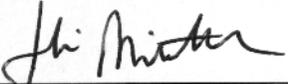

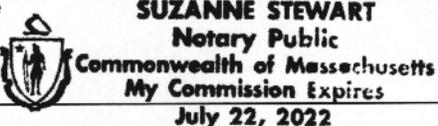

**Notice:** This agreement and all of its attachments shall become public upon submission to Governor and Executive Council for approval. Any information that is private, confidential or proprietary must be clearly identified to the agency and agreed to in writing prior to signing the contract.

**AGREEMENT**

The State of New Hampshire and the Contractor hereby mutually agree as follows:

**GENERAL PROVISIONS**

**1. IDENTIFICATION.**

1.1 State Agency Name State of New Hampshire Administrative Services		1.2 State Agency Address 25 Capitol Street Concord, NH 03301	
1.3 Contractor Name FM Generator, Inc VC 165600		1.4 Contractor Address 35 Pequit Street Canton MA, 02021	
1.5 Contractor Phone Number  (781) 828-0026	1.6 Account Number	1.7 Completion Date August 31, 2019	1.8 Price Limitation \$166,500.00
1.9 Contracting Officer for State Agency Katie Daley, Purchasing Agent		1.10 State Agency Telephone Number (603) 271-3135	
1.11 Contractor Signature 		1.12 Name and Title of Contractor Signatory Julie Mitchell President	
1.13 Acknowledgement: State of <u>Massachusetts</u> County of <u>Norfolk</u> On <u>8-11-16</u> , before the undersigned officer, personally appeared the person identified in block 1.12, or satisfactorily proven to be the person whose name is signed in block 1.11, and acknowledged that s/he executed this document in the capacity indicated in block 1.12.			
1.13.1 Signature of Notary Public or Justice of the Peace 			
1.13.2 Name and Title of Notary or Justice of the Peace SUZANNE Stewart Manager, Client Services			
1.14 State Agency Signature  Date:		1.15 Name and Title of State Agency Signatory Vicki V. Quiram, Commissioner	
1.16 Approval by the N.H. Department of Administration, Division of Personnel (if applicable)  By: _____ Director, On: _____			
1.17 Approval by the Attorney General (Form, Substance and Execution) (if applicable)  By: _____ On: _____			
1.18 Approval by the Governor and Executive Council (if applicable)  By: _____ On: _____			

**EXHIBIT A  
SCOPE OF SERVICES**

**1. INTRODUCTION**

FM Generator, Inc (hereinafter referred to as the "Contractor") hereby agrees to provide the State of New Hampshire (hereinafter referred to as the "State"), Department of Administrative Services, with Generator Maintenance & Repair Services in accordance with the bid submission in response to State Request for Bid #1874-16 and as described herein.

**2. CONTRACT DOCUMENTS**

This Contract consists of the following documents ("Contract Documents") in order of precedence:

- a. State of New Hampshire Terms and Conditions, General Provisions Form P-37
- b. EXHIBIT A      Scope of Services
- c. EXHIBIT B      Payment Terms
- d. EXHIBIT C      Special Provisions
- e. EXHIBIT D      RFB 1874-16

**3. TERM OF CONTRACT**

This contract shall commence on September 1, 2016 or the date approved by Governor and Executive Council, whichever is later, and terminates on August 31, 2019, a period of approximately three (3) years.

**4. SCOPE OF WORK**

**Contractor Responsibilities:**

- 1. The Contractor shall not commence work until a conference is held with each state agency, at which representatives of the Contractor and the State are present. The conference will be arranged by the requesting state agency.
- 2. All generator maintenance and repair services shall be completed within fourteen (14) calendar days (or within another mutually agreed upon timeframe) after a request by a state agency.
- 3. For semi-annual or annual services, the Contractor shall submit a proposed service schedule to each state agency requiring the services at least ten (10) calendar days prior to each semi-annual or annual period.
- 4. All services performed under this Contract shall be performed between the hours of 7:00 A.M. and 4:00 P.M unless other arrangements are made in advance with the state agency. Any deviation in work hours shall be pre-approved by the Business Administrator or his or her designee. The State requires a ten (10)day advanced notice in order to provide security and access to respective work areas.
- 5. The Contractor shall promptly report all deficiencies to the Business Administrator or his/her designated representative. Request to repair and/or replace parts shall be approved in advance by the Business Administrator or his/her designated representative prior to any actual work being performed by the Contractor. Parts, materials and labor shall be invoiced separately. The State reserves the right to request the Contractor supply the State with invoices from suppliers documenting the Contractor's actual cost.

6. Throughout the duration of the contract, the Contractor shall maintain an inventory of (or have readily available) spare parts to support the described systems.
7. The Contractor shall provide only replacement parts that are new and of the same quality and brand name as that being replaced. Substitutions shall be permitted only with prior authorization of the Business Administrator or his/her designated representative.
8. All repair services shall be conducted in full compliance with all specified standards in a manner equal to or greater than the normal safety and security procedures and standards established by the State, and at no time shall state facilities or its occupants be placed in jeopardy.
9. The Contractor agrees that any damage or injury to buildings, materials, equipment or to other property during the performance of this service shall be repaired at their own expense. The State shall require correction of defective work or damages to any part of a building or its appurtenances when caused by the Contractor's employees, equipment or supplies. The Contractor shall correct all defective work and damages to the State's satisfaction. If the Contractor does not proceed promptly with the necessary corrections, the State may withhold payments to the Contractor in the amount necessary to correct the defective work and/or damages.
10. All work must be performed in such a manner as not to inconvenience building occupants. The Contractor shall determine the State's normal working conditions and activities in progress and shall conduct the work in the least disruptive manner.
11. The Contractor shall employ a sufficient number of trained technicians so that all service calls are answered promptly. The work staff shall consist of qualified persons completely familiar with the products and equipment being serviced.
12. The Contractor shall furnish all personnel with uniforms, which shall be neat and clean in appearance with picture identification that is visible at all times.
13. The Contractor shall make service available twenty-hour (24) hours per day, seven (7) days per week for emergency repairs.
14. All services shall comply with applicable standards as set forth by the National Fire Protection Association (NFPA) 110: Standard for Emergency and Standby Power Systems and any state or local fire codes.
15. The Contractor must produce documentation when biocide additive is added to the fuel storage tank with quantity and ratio of additive.
16. The Contractor shall present a written summary of the work performed after each scheduled or emergency call and before leaving the job site, and obtain the State's signature thereon.
17. The Contractor or their personnel shall not represent themselves as employees or agents of the State.
18. While on State property, employees shall be subject to the control of the State, but under no circumstances shall such persons be deemed to be employees of the State.
19. The Contractors' personnel shall observe all regulations or special restrictions in effect at the state agency.
20. The Contractors' personnel shall be allowed only in areas where services are being performed. The use of State telephones is prohibited.
21. The State reserves the right to require the Contractor to train, counsel or reassign any employee the State deems incompetent, careless, insubordinate, or otherwise objectionable, or whose continued

employment on the work is deemed to be contrary to the public interest or inconsistent with the best interest of security and the State.

22. **RECORD OF INSPECTION:** Upon completion of each scheduled testing and inspection service, the Contractor shall provide a report of work performed to the respective Maintenance Supervisor or his/her designee. The report shall contain specific information regarding testing/inspection results of the identified equipment and/or devices within the system. The report shall be submitted no later than ten (10) calendar days after completion of scheduled service and a duplicate copy shall accompany the testing/inspection invoice.
23. The Contractor shall be completely responsible for their work, including any damages or breakdowns caused by their failure to make/take appropriate action. Any expenses associated with repairs shall be assessed to the Contractor.
24. The Contractor shall provide one (1) dispatch phone number that shall be available 24/7 for emergencies.
25. The Contractor shall respond to the State by telephone to all **emergency** service calls within fifteen (15) minutes of reported occurrence.
26. The Contractor shall physically respond to the site for all **emergency** service calls within four (4) hours after report of occurrence with the following exceptions:

Exceptions include;

- a. Coos County Superior Court - acceptable response time is six (6) hours;
- b. All Turnpike locations have an acceptable response time of within thirty (30) minutes.

**Note:** If a facility generator at a turnpike location is still not operable within 8 hours of initial notification, Contractor shall supply a quote for a rental generator and associated hook-up costs. The State reserves the right to procure a rental generator from another source. Turnpike generators shall be fixed within one week after being notified by the Agency, if not fixed within that time frame the Contractor shall be responsible for all rental costs thereafter.

**State Responsibilities:**

The State shall be responsible to provide reasonable means of access to all equipment covered by the contract and promptly notify the Contractor of any malfunction in the system that comes to the State's attention.

**Major Inspection to be performed once a calendar year.** Service to include but is not limited to:

- |          |  |
|----------|--|
| IGNITION | Change all spark plugs<br>Change points<br>Change condenser<br>Check distributor cap and rotor and change. If necessary<br>Check all ignition wires and replace, if necessary<br>Check start solenoid terminals<br>Check and adjust choke, when applicable |
| ENGINE   | Change lube oil<br>Change lube oil filter<br>Tighten valve covers<br>Fill governor sump with lube oil, when applicable<br>Lubricate governor linkage<br>Service oil bath air cleaner, when applicable  |

COOLING SYSTEM	<ul style="list-style-type: none"> <li>Check entire unit for noticeable oil leaks</li> <li>Test coolant protection</li> <li>Test coolant alkalinity</li> <li>Check water hoses – both upper and lower</li> <li>Check bypass hoses</li> <li>Check fan belts</li> <li>Check engine block heater for operation, when applicable</li> <li>Check louver operation</li> <li>Check water filters</li> <li>Change antifreeze solution (annually).</li> </ul>
EXHAUST SYSTEM	<ul style="list-style-type: none"> <li>Check flexible section for cracks or leaks</li> <li>Drain condensation trap, when applicable</li> <li>Check exhaust flange gaskets</li> <li>Check exhausts muffler and drain, when applicable</li> <li>Visually inspect entire exhaust system for leaks</li> </ul>
FUEL SYSTEM	<ul style="list-style-type: none"> <li>Change primary and secondary fuel filter diesel only</li> <li>Check injector fuel lines diesel only</li> <li>Check flex fuel sections</li> <li>Check fuel pump</li> <li>Check fuel connections and tighten</li> <li>Check fuel solenoid</li> <li>Check day tank float</li> <li>Check regulator (Gas)</li> <li>Add biocide additive to fuel storage tank</li> </ul>
BATTERY	<ul style="list-style-type: none"> <li>Load test battery</li> <li>Check specific gravity of battery</li> <li>Check battery voltage</li> <li>Clean battery cables and replace</li> <li>Clean battery terminal on cables</li> <li>Clean battery posts and coat same</li> <li>Check fluid level and fill</li> <li>Recharge and /or replace</li> </ul>
STARTING SYSTEM	<ul style="list-style-type: none"> <li>Check starter motor solenoid terminal</li> <li>Check starter motor</li> <li>Check charge rate on alternator or internal charge circuit</li> <li>Check alternator belt</li> </ul>
ELECTRICAL	<ul style="list-style-type: none"> <li>Check exciter</li> <li>Check voltage regulator</li> <li>Check rotating diodes</li> <li>Check rectifiers</li> <li>Check brushes</li> <li>Clean collector rings</li> <li>Clean carbon deposits</li> <li>Check SCRS</li> <li>Check control panel relays</li> <li>Check wiring and terminals</li> <li>Check solid-state boards for connections</li> </ul>
OPERATIONAL CHECKS	<ul style="list-style-type: none"> <li>Start generator and conduct safety shutdown tests for the following:</li> </ul>

	<p>Low oil pressure  High water temperature  Over speed  High air temperature, air-cooled sets only  Check voltage output  Check frequency (Hz)  Record hour meter reading, when applicable  Check unit for vibration and any unusual noises  Run unit full building load-minimum of 30 minutes</p>
AUTOMATIC SWITCH	<p>Inspect contactor assembly and connections  Check exerciser clock and time setting  Check time delays  Check battery charger for proper output  Check selector switch  Check voltage sensors for visual condition  Start and stop generator from transfer switch</p>
AUTOMATIC TRANSFER SWITCHES (ATS)	<p>Check connections  Inspect or test for evidence of overheating and excessive contact erosion  Remove dust and dirt  Inspect and/or replace contacts when required  Infrared testing/inspection under load</p>
FINAL CHECK	<p>Check field breaker is in the ON position  Check that selector switch is in the automatic mode  Start and stop generator using generator controls  Start and stop generator using the switch controls  Start and stop generator using exerciser clock</p> <p>*Receive prior approval from supervisory personnel before performing this function.  Reset generator and leave set in the remote position</p>
GENERAL INSPECTION OF SITE	<p>Inspect site for any debris or obstructions, which could cause a potential Problem or may be hazardous to the operation or surrounding area.  Report any problems to the Agency Contact Person.</p>

This major inspection includes parts, lubricants, coolants, material or labor used in any of the above service level maintenance programs.

\* **Minor Inspection** to be performed once a calendar year, approximately 6 months after the Major Inspection\*.

- A. Visually check and subsequently operate the system under full load conditions for a minimum of 30 Minutes, after informing the residential staff that the test shall be performed.
- B. Confirm that all circuits powered by the system are functioning fully and make any required deficiency repairs
- C. Verify that all safety devices are functioning properly.
- D. Verify that the governor/controller is adjusted for proper voltage and frequency.
- E. For additional service, other than above, an hourly repair rate shall be utilized.

\*Any parts, coolants or materials unrelated to the inspection, must be approved by the Agency Contact.

Repair Services:

- Contractor adhere to the hourly rate, located in Exhibit B, for all parts, labor (per hour/person) for generator repair services that are not covered under the major and minor inspections. All labor rates shall start when Contractor's personnel arrives at the work site and end when Contractor's personnel leaves the work site.

Emergency Services:

- Contractor shall adhere to the service rates detailed below under Payment Terms. All labor rates shall start when Contractor's personnel arrives at the work site and end when Contractor's personnel leaves the work site.
- Mileage and travel expenses for repair/emergency have been built into the built into the repair/emergency services hourly rate in Exhibit B. Mileage or travel expenses shall not be added separately to invoices.

Repair Parts Catalog:

Repair parts used for repair shall be no more than 10% over cost and held firm for the term of the contract.

Sub-Contractors:

Sub-contractors must be pre-approved by the contracting officer. Contractor is required to present the contracting officer with a proposal a minimum of five (5) business days prior to anticipated use of sub-contractor. The proposal must contain the following information; name of the company, their main address and any additional locations/addresses, contact person, certificate of insurance (adhering to State of New Hampshire requirements), years in business, number of technicians employed currently, three (3) references from clients they are currently servicing. Technicians must hold proper certifications to work on generators. Applicable certifications must be included in proposal. Additional information may be required by the contracting officer during the proposal period. No mark up prices shall apply to work performed by sub-contractors. All work shall be performed at the contracted rates.

**5. TERMINATION**

The State of New Hampshire has the right to terminate the contract at any time by giving the Contractor thirty (30) days advance written notice.

**6. OBLIGATIONS AND LIABILITY OF THE CONTRACTOR**

The Contractor shall provide all Generator Maintenance & Repair Services strictly pursuant to, and in conformity with, the specifications described in State RFB #1874-17, as described herein, and under the terms of this Contract.

The Contractor shall agree to hold the State of NH harmless from liability arising out of injuries or damage caused while performing this work. The Contractor shall agree that any damage to building(s), materials, equipment or other property during the performance of the service shall be repaired at its own expense, to the State's satisfaction.

**7. DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION LOWER TIER COVERED TRANSACTIONS**

The Contractor certifies, by signature of this contract, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal Department or Agency.

## **8. CONFIDENTIALITY & CRIMINAL RECORD**

If requested by the using agency, the Contractor and its employees, and Sub-Contractors (if any), shall be required to sign and submit a Confidential Nature of Department Records Form and a Criminal Authorization Records Form. These forms shall be submitted to the individual using agency prior to the start of any work.

## **9. INSURANCE**

Certificate of insurance amounts must be met and maintained throughout the term of the contract and any extensions as per the P-37, section 14 and cannot be cancelled or modified until the State receives a 10 day prior written notice.

**EXHIBIT B**

**PAYMENT TERMS**

**1. CONTRACT PRICE**

The Contractor hereby agrees to provide Generator Maintenance & Repair services in complete compliance with the terms and conditions specified in Exhibit A for an amount up to and not to exceed a price of \$166,500.00; this figure shall not be considered a guaranteed or minimum figure; however it shall be considered a maximum figure from the effective date of through the expiration date set as August 31, 2019.
